THE MAGIC TOUCH

Waikato Bay of Plenty Magic are a world-class team who have dominated New Zealand's netball scene for the past 15 years. Our passion, energy, dedication and love for netball is evident both on and off court, and we're proud to be flagbearers for this country's most popular female sport.

Our team were ANZ Championship winners (2012), runners up in 2008 and 2010, and NZ Conference Champions in 2015 and 2016. We were also crowned National Bank Cup Champions in 2005 and 2006.

Our netball zone represents the largest geographic region in the country and we have 26,000 active participants. But despite netball's popularity, we face an uphill battle and need your help.

TODAY'S CHALLENGES

Females dominate purchasing decisions in almost every consumer sector, but many New Zealand companies are reluctant to financially support women's sport in a significant way.

Rugby still takes precedence when it comes to commercial sponsorship. And there are significant funding imbalances between rugby and netball by some community funding bodies.

This poses a serious threat to the future of professional and grassroots netball in our region.

We believe it's time to put women first – and to look after women in sport.

WHAT'S AT STAKE?

- The long-term viability of professional netball in our zone
- Athletic, educational and career development opportunities for our top netballers
- Role models for our youth
- The overall fitness, health and well-being of New Zealand women
